

## Business Care Brings Nervous Wear

The petty cares of business life wear away nervous strength, and this applies as much to the clerk at the desk as to the manager in his luxurious office. A thousand little details of duty requiring attention exhaust the nervous energy and cause one to fret over trifling things that would not receive a second thought under conditions of perfect health.

Nervous fretful persons of either sex are usually poorly nourished and in all such cases the surest and quickest permanent relief is to be had by the use of

## Stearns' Wine of Cod Liver Extract

which first quickens the appetite and aids the digestion and enriches the blood, thus providing the tired nerves with the nourishment they need. The condition banishes the wakefulness that so many nervous people suffer from and permits them to enjoy sound restful sleep. Get Stearns' Wine of Cod Liver Extract at your druggists—and be sure you get STEARNS'—the genuine.

Address: Hawaiian Star, Honolulu.

## SIX OTHER INDICTMENTS REMAIN AGAINST OWNERS OF FACTORY IN WHICH 146 EMPLOYEES LOST LIVES

NEW YORK, December 29.—There are six more indictments against Max Black and Isaac Harris, proprietors of the Triangle waist factory, which was burned last March, resulting in the loss of 146 lives. Acquired after the first trial, the prosecuting attorney is not certain what will be done with the remaining indictments. The indictment on which they were tried was based on the death of one employee, and the other indictments are similar, but are based on other deaths. One count in each indictment charges manslaughter in the first degree by causing a death through the violation of the state law requiring doors of factories to be unlocked during working hours. The second count charges manslaughter in the second degree and does not imply a violation of the labor law, but requires the jury to find the defendants guilty of culpable negligence.

## END OF BIG CONTEST GETTING VERY NEAR

Two weeks from tomorrow night the Star's great \$3000 prize contest comes to an end. Counting tomorrow, there are but thirteen working days left in which contestants may secure votes—a very short time in fact in which to cover the field as it should be covered. In everything of this kind there are a large number of persons who really intend to give their subscription to some favorite candidate, but for one reason or another keep putting it off. Not being directly interested in the outcome of the big contest, they forget how much their subscription may mean to some candidate, or that the sooner they give the subscription the greater will be its value to him. For this reason every worker owes it to himself or herself to make a final round among the people who have put them off before, and call their attention to the facts just stated.

Contest Will Be Close. From all indications the finish of the contest will be close among a number of the contestants. At the present time half a dozen or more of the

leaders are within a few hundred votes of each other. Between now and next Wednesday morning, when the triple credit period ends, one or two subscriptions, even though small, are enough in many cases to change the positions of the contestants. With the system of multiple counts now in force the contestant who puts off hustling till the last few days is at a big disadvantage, for the longer he waits the less the subscriptions count in votes.

Special Prices Monday. Monday evening at 5 o'clock will determine the winners of the eight cash prizes which are offered for the contestants securing the greatest number of votes in the two weeks from January 1 to January 15. As before stated, these eight prizes range from \$15 to \$250, and are given entirely independent of the count for the "Big Ten" prizes. The winner of these eight extra prizes will be announced in next Tuesday's Star. There are only two days to work on these prizes, and it is altogether impossible to tell at the present time who will get them.

## IMPORTANT EVENT TO COAST MARINE

San Diego, Cal. Tribune, December 23.—Pacific coast residents, and Californians especially, will undoubtedly find plenty of cause for gratification in the action of President Taft and other high government officials in approving the plan proposed by Senator Perkins and Congressman Kahn, and which has for its purpose the restoring of the American flag to the South Pacific. Under this plan Postmaster General Hitchcock will soon advertise for bids for the carrying of mail from San Francisco to Sydney, N. S. W., by way of Honolulu and Pago Pago, the main naval station on the Samoan Islands. An American steamship company stands ready to bid on this contract and, in the event of receiving the award, will place in service two modern steamships on the run from San Francisco to Sydney. At the present time the mails are carried by an English line docking at Vancouver, a condition of affairs that amounts to a disgrace to the American nation.

The placing in operation of the American steamships on the run from San Francisco to Sydney would constitute an important event in Pacific coast marine happenings. At the present time the American flag is seen on but few large steamships plying the Pacific. Plenty of English and Japanese steamships there are, but the vessels flying the American flag are chiefly conspicuous by their absence.

The securing of the United States mail contract is little enough inducement for the placing in operation of large steamships but, until such time as congress can be made to see the wisdom of granting subsidies under much the same system as those in effect in other countries, it is about the only aid the government can extend to vessels of American register.

## RESTORING PACIFIC TRADE.

Los Angeles Herald, December 25.—At the instance of Senator Perkins and Representative Kahn it is possible that the South Pacific carrying trade may be restored to American vessels and that next year the American flag may fly over ships plying between San Francisco and Australia via Honolulu and the Samoan Isles. This route was abandoned by a San Francisco company because it could not make it pay. But our representatives in Congress have called attention to that provision of the act of 1891 by which the government may grant a compensation of \$2 a mile to American vessels carrying mail, and Postmaster General Hitchcock has been authorized to advertise for bids to carry mails over the route described. The steamship company stands ready to bid for the contract, and with this in hand will resume business.

Distinct advantages come to all concerned; to the government, which will have a direct line of communication to two of its Pacific naval stations; to California by affording a line competing with the English steamers running to Vancouver, and to the American public generally by having American shipping restored to the Pacific and better opportunity to extend our trade.

## THE MARRIAGE OF JUDGE PERRY

San Francisco Calls January 4.—A romance of Hawaii was revealed today when Judge Antonio Perry, associate justice of the supreme court of Hawaii, and Miss Eugenia M. Vandenburg of this city secured a license to marry. Although the couple met a year ago in the islands, announcement of their engagement, a few days ago, was a surprise to their many friends here and to Miss Vandenburg's parents. The wedding will take place at noon Tuesday at the Vandenburg home, 1027 Green street.

It will prove an alliance of two professions—the judicial and medical—as Miss Vandenburg is a doctor of osteopathy. Her profession led to her meeting with Judge Perry.

After graduating from medical college she practiced here until she went to the islands with her brother. Her acquaintance with Judge Perry was not regarded at that time as the beginning of a love affair, and when Miss Vandenburg returned to this city no hint was dropped among her friends of a probable engagement.

But the arrival of Judge Perry from the islands Saturday and his immediate call at the Vandenburg home disclosed the secret. Miss Vandenburg is the daughter of former Senator W. S. Vandenburg of Oregon, who took an active part for many years in the politics and commercial life of the northern state.

The wedding will be a home ceremony. The bride's attendant will be Miss Georgia Smith of San Jose, and the best man Harry White of this city. The couple will go south on their honeymoon and will make their home in Honolulu.

## BROKER WHO WIGGLED HIS TOES SUSPENDED.

PHILADELPHIA, December 30.—That feet are all right where they belong, under proper and conventional covering, and that it is bad taste for a mayor to wiggle his toes in the sacred sanctum of the Stock Exchange, was the decision of the board of governors of the Philadelphia Stock Exchange yesterday, when, after long and profound deliberation they declared Henry E. Ancker, mayor of Bristol, guilty of a grievous, unwarranted and unprecedented misdemeanor and sentenced him to remain away from the exchange next Monday.

The trouble started several weeks ago, when the mayor slipped and fell heavily, severely straining the tendons of his right ankle.

Last Thursday, when the mayor was busy disposing of great blocks of United States Steel, his swollen ankle began troubling him, and accordingly he removed his shoe. Then he removed the other, and his stockinged also, and sat under the steel post wiggling his toes with an expression of relief spread over his countenance.

## SERIOUS SIDE OF A COLD.

Do you know that of all the minor ailments colds are by far the most dangerous? It is not the cold itself that you need to fear, but the serious diseases that it often leads to. Most of these are known as germ diseases. Pneumonia and consumption are among them. Why not take Chamberlain's Cough Remedy and cure your cold while you can? For sale by all dealers.
